

Education

Working with our partners **to...**

- Do geographical deep dives that shift national education agendas, learn and scope, leverage for reach
- Develop a knowledge centre that builds evidence, shares experience and enables advocates
- Work with international institutions and funders to influence policy, strategy and funding in education
- Co-create, co-fund and form coalitions and partnerships

OUR SYSTEM
CHANGE APPROACH

Which contributes **to...**

- Host national/local education systems and international humanitarian response systems responsible for providing education in emergencies
- National/local education systems and education programs aiming to improve education quality/relevance and prevent dropout

TARGET SYSTEMS

Supporting

- Children on the margins of school systems
- Children who are forcibly displaced

OUR TARGET GROUPS

To achieve our long-term goal **of...**

- Inclusive education systems change and utilise: power dynamics, mindset shifts, tools and approaches to enable children in extreme adversity to develop resilience and socio-emotional skills

OUR SOCIAL
CHANGE GOAL
